

# PRO 24X

MSI Recommends Windows 10 Pro

## ULTRA-SLIM AND FORGED WITH STYLE

The MSI PRO 24X is the best desktop alternative for the small to mid-size business. This All-In-One business class PC is the world's thinnest and space saving solution for any corporation and office space.

## WHY YOU SHOULD BUY THE MSI PRO 24X AIO?

Intel® Optane™ technology provides an unparalleled combination of high throughput, low latency, high quality of service, and high endurance. (Support with Core i3 above processors, optional)

The HDD Rapid Upgrade Design makes maintaining or upgrading your 2.5" storage on the PRO 24X simply easy.

Anti-Flicker technology helps against dry eyes and eyestrains while the Anti-Glare cuts down the amount of light reflection bringing a better and fatigue-free viewing experience.

Silent PRO Cooling System with Server Grade Thermal Module provides a more silent, stable cooler operation.

Trusted Platform Module (TPM) Support chip senses that a system's integrity has been compromised by a virus or malware, it can start up in a quarantine mode to help fix the problem. (optional)

Dual LAN design provides the second LAN backup and a safer network environment.

## WHO NEEDS THE MSI PRO 24X AIO?

### COMMERCIAL

Commercial businesses such as health care, retail and office spaces demanding exceptional reliability and dependability All-In-One computing.

### EDUCATION

Higher educational computer labs that can endure heavy daily usage and provide high security protection.
