## GEFORCE EXPERIENCE

Capture and share videos, screenshots, and livestreams with friends. Keep your drivers up to date and optimize your game settings. GeForce Experience lets you do it all. It's the essential companion to your GeForce graphics card.

## GAME READY DRIVERS

Get the highest level of performance and the smoothest experience possible, from the moment you start playing.

## DIRECTX 12/DXR

Enables developers to add amazing graphics effects to Microsoft Windows-based PC games. GeForce graphics cards deliver advanced DX12 features such as ray tracing and variable rate shading, bringing games to life with ultra-realistic visual effects and faster frame rates.

## NVIDIA STUDIO

A new age of creativity is upon us, with the creative apps you depend on moving faster than you ever imagined. NVIDIA GPUs accelerate your work with incredible boosts in performance. Welcome to NVIDIA Studio—and your new, more creative, process.

## 4K

Set up to the ultimate 4K gaming experience with GeForce RTX and enjoy today's biggest games in amazing detail.

## VIRTUAL REALITY

Take VR to a new level of realism with a combination of advanced VR rendering, real-time ray tracing, and AI.

## BROADCAST LIKE A PRO

The best of both worlds. GeForce RTX 2080 SUPER features a dedicated hardware encoder that unlocks the ability to game and stream simultaneously with superior quality. SUPER graphics cards are optimized for your favorite streaming apps to provide maximum performance for your live stream.

## NVIDIA ANSEL

Turn your screenshots into art with this powerful in-game photo mode that captures 360, HDR, and super-resolution photos.

Laptop PC with high performance graphics reduces content production time by 10X
